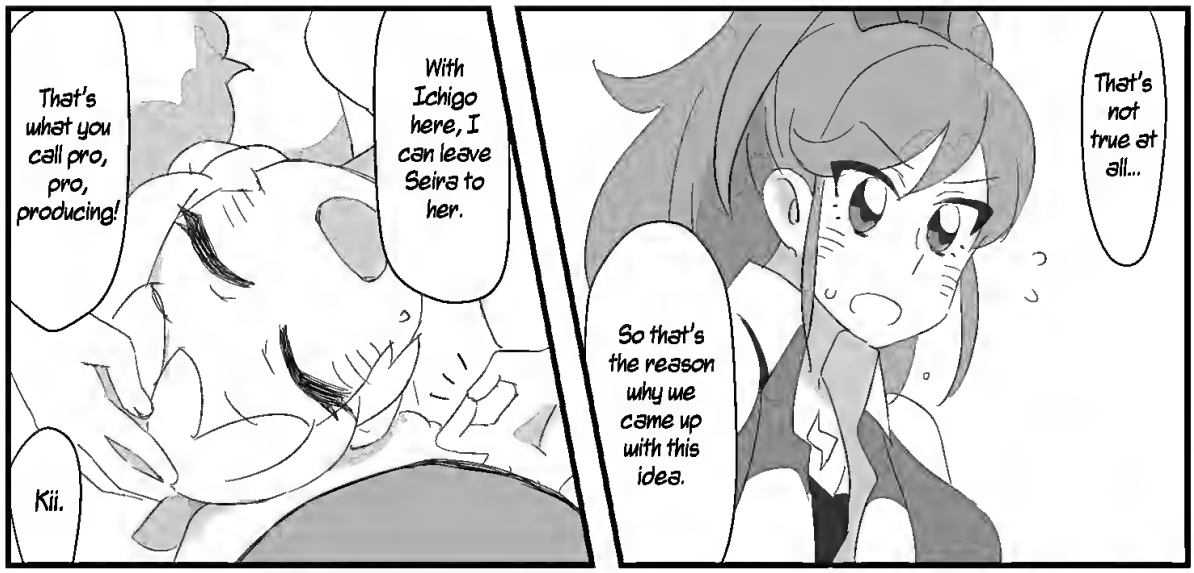
Seira, could it be you're not satisfied yet?
Eh?!
Huh, is that true, Seira?
Oh, uh, no. It's just that...
y'know, I've always been aware of it.
Kii.
Aware of the fact that I'm no, no, no good at satisfying Seira at all.



That's not true at all...
So that's the reason why we came up with this idea.
With Ichigo here, I can leave Seira to her.
That's what you call pro, pro, producing!
Kii.

Afterword

The 4 pages I put my heart into drawing after I saw episode 93 had just been gathering dust, but there were several people who wanted to read on, so I finally managed to write the continuation. I'm not entirely sure it's how everyone wanted it to go, but I had a lot of fun drawing it.

I'm always pretty terrible at writing good afterwords, so I'll rattle on for a bit, but I think this'll probably have to be my last offline doujin, due to several circumstances. The last one has a 4-person yuri orgy! It's almost like I'm finding my own style through this! Was this for the best?!

Anyway, just by cutting off my worldly desires, I can keep on drawing pictures and writing manga, so I'll be seeing you all on the internet and such...
